BROW LIFTING

LAMINACE OBOČÍ

Je světový trend, který posunul úpravu obočí na další úroveň. Procedura spočívá v narovnání chloupků, které lze vytvarovat do požadovaného tvaru. Obočí je zvýrazněné po dobu 4–6 týdnů. Při laminaci obočí vám chloupky zafixujeme do požadovaného tvaru pomocí speciálních přípravků. Součástí procedury je i barvení. Aplikace je bezbolestná a vhodná pro „neposlušné“ a nesymetrické obočí.

EYEBROW LAMINATION

It is a world trend that has taken eyebrow shaping to the next level. The procedure consists in straightening the hairs, which can be shaped into the desired shape. The eyebrows are highlighted for 4–6 weeks. When laminating your eyebrows, we will fix your hair to the desired shape using special products. Part of the procedure is also staining. The application is painless and suitable for „disobedient“ and asymmetrical eyebrows.

AUGENBRAUENLAMINIERUNG

Ein weltweiter Trend, der die Augenbrauenkorrektur auf ein neues Niveau erhebt. Bei der Anwendung werden die Augenbrauenhärchen in Form gebürstet, sodass sie wie geliftet wirken. Die gestylten Augenbrauen behalten ihre Form 4–6 Wochen. Bei der Laminierung werden die Augenbrauenhärchen mithilfe spezieller Mittel zur gewünschten Form fixiert. Teil der Anwendung ist auch das Färben. Die Anwendung ist völlig schmerzfrei und gut für „störrische“ und unsymmetrische Augenbrauen geeignet.

LAMINACE ŘAS

Kroutit se Vám řasy nebo je máte rovné, světlé a nevýrazné? S tím Vám pomůže jedinečná procedura. Lash Lifting řas dodá úchvatný a přirozený vzhled bez prodlužování. Řasy jsou husté, výrazné a natočené. Objemu a délky je dosaženo výhradně díky speciálním produktům, které se aplikují na přírodní řasy. Účinek laminace vydrží měsíc.

EYELASH LAMINATION

Do your eyelashes twist or are they straight, light-coloured or unpronounced? This unique procedure will help to improve this. Lash Lifting will give your eyelashes a splendid and natural look without extensions. They will be thick, dark and curled. Their volume and length is achieved solely thanks to special products which take advantage of the natural length of your eyelashes. The lamination effect lasts one month. Laminated eyelashes do not require any special care and are not limiting in any way.

WIMPERNLAMINIERUNG

Kräuseln sich Ihre Wimpern, oder sind sie gerade, hell und ausdruckslos? Dann wirkt unsere einzigartige Anwendung Wunder. Lash Lifting verleiht Ihren Wimpern auch ohne Verlängerung ein exzellentes und natürliches Aussehen. Die Wimpern sind dicht, ausdrucksvoll, geliftet und geschwungen. Volumen und Länge werden ausnahmslos dank spezieller Produkte erreicht, die sich allein die Länge der natürlichen Wimpern zunutze machen. Der Laminierungseffekt hält einen Monat an. Laminierete Wimpern machen keine besondere Pflege erforderlich und sind nicht hinderlich.
